Our Partners

www.santanderx.com

Banco Santander Portugal is the largest private bank in Portugal, by assets and credit, with a broad customer base and branches nationwide. The bank's purpose is to help people and businesses prosper, in a way that is simple, personal and fair. Through Santander Universidades programme's close ties with U.Porto, it has a crucial role in supporting knowledge transfer and technology-based entrepreneurship through support in events, programmes and initiatives targeted at entrepreneurs, researchers and students alike.

www.pbs.up.pt

Porto Business School results from a strong collaboration between some of the largest and most important companies in Portugal and U.Porto. Its entrepreneurial DNA – created by companies, for companies, with a strong scientific support from U.Porto – allows it to be a top ranking business school in Europe, through its MBA's, Post-Grad and Executive Education programs. Its Center for Business Innovation has been anticipating trends while also supporting the innovation and entrepreneurship ecosystem of the region.

www.uptec.up.pt

UPTEC supports the creation and development of business projects in the arts, sciences and technologies and hosts innovation centres for both national and international companies. At UPTEC entrepreneurs find the necessary support to turn their ideas into businesses with potential for rapid growth. On the other hand, innovation centres find the space and mechanisms to host and operate their projects, benefiting from the existing synergies with the R&D Departments and interface institutes of U.Porto.
